

Dear Junior and Senior Families,

Prom is one of the most memorable nights of high school – and After Prom is an important part of making that night both **safe and unforgettable** to our students.

Central DeWitt After Prom provides a fun, supervised, substance-free celebration filled with food, games, entertainment, and prizes. Last year, over **80% of our juniors and seniors attended**, which speaks to how meaningful this event is for our students and families.

What many people don't realize is that After Prom is **not school-funded**. It is made possible entirely through the generosity of parents, families, businesses, and community supporters.

We are asking for your help in two important ways:

Family Donations

No gift is too small. Every dollar goes directly toward creating a safe and memorable experience for our students.

Employer Sponsorship

Many local businesses are happy to support youth initiatives – they just need to be asked. If your employer offers community sponsorships or donations, we would greatly appreciate you:

- Providing us with a contact name so we can reach out to them
- Connecting us directly with the appropriate person

Our sponsorship levels include recognition opportunities.

Together, we can ensure that After Prom continues to be a highlight to our juniors and seniors – and a safe celebration our entire community can be proud of.

Thank you for supporting Central DeWitt After Prom and helping us make this a night to remember!

With appreciation,

Central DeWitt After Prom Committee
