

Robotic Summer Camp

June 1st - June 5th

8:30-10:00 - 10:30-12:00 - 12:30-2:00
2:30-4:00 - Advanced Session

Central DeWitt Middle School STEM room

This Robotics Camp is a summer opportunity for students to explore robotics through the use of Lego Spike Prime. Students who are entering 3rd - 7th grade for the 2026 - 2027 school year are invited to register.

The 1st 3 sessions (beginner) are 8:30-10:00 & 10:30-12:00 and will be for students that are going into 3rd - 5th grade no matter what robot experience.

The 3rd Session (beginner or advanced) is 12:30-2:00 and will be for both beginner or advanced, depending on the level your student is.

The 4th session (advanced) is 2:30-4 and is for students that **HAVE** robotic experience **AND** going into 6th grade or above.

Each session will be limited to about 15 students.

Camp fees are \$50 and include a camp t-shirt.

2 Scholarships are available to students who need help paying the fee. Please send me an email to see if you qualify

To Register:

Email Terri Smith terri.smith@cd-csd.org stating which session you need.

A link will be emailed to you for the online registration and online payment.

*Registration is not complete until I receive your payment.
